NSW Department of Education

Duri Public School Behaviour Support and Management Plan

Overview

Duri Public School is dedicated to explicitly teaching and modelling positive behaviour, supporting all students in their engagement with learning. Our aim is to foster a positive, safe, and respectful learning environment while addressing the unique needs of our smaller, tight-knit community. We believe that by creating a supportive atmosphere, we can enhance the educational experience for every student and encourage them to reach their full potential.

Our goal is to inspire every child to participate positively in society. We focus on promoting excellence, opportunity, and success for every student, every day. We value and strive to develop safe, respectful learners within a caring learning community. By fostering a nurturing atmosphere, we encourage positive relationships and ensure that every student feels valued and included. Together, we work to create an environment where all students can thrive and achieve their best.

Principles of positive behaviour support, trauma-informed practice, inclusive practice and social emotional learning underpin our daily practice. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching, and planned responses.

Strategic Direction 2 in our School Improvement Plan focuses on Learning Culture. This includes creating a connected community that actively participates in supporting and reinforcing student learning. This includes connecting with parents at all levels, increasing attendance and embedding selected learning dispositions to encourage self-regulation and commitment to learning.

To achieve our vision, key programs prioritised and valued by the school community are:

- Trauma Informed Practice PL
- Verbal Intervention & CPI Intervention (previously MAPA) PL
- Learning Dispositions- developed in consultation with parents and students
- Restorative Conversations
- Zones of Regulation embedded and language used.
- Partnerships with New England Health, Life Education, Healthwise, GRIP Leadership

Duri Public School rejects all forms of bullying behaviours, including cyberbullying by maintaining a commitment to providing a safe, inclusive, and respectful learning community that promotes student wellbeing. Staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. School staff actively respond to student bullying behaviour.

Partnership with parents and carers

Duri Public School will partner with parents/carers in establishing expectations for engagement in developing and implementing student behaviour management and bullying strategies, by:

- inviting parent/carer and student feedback through formal and informal means such as school surveys, Tell Them From Me surveys, consulting with the P & C and local AECG
- Online anti bullying webinars including those from 'e safety Commisioner'

Duri Public School will communicate these expectations to parents/carers through the school newsletter, social media, parent information sessions and parent assemblies. Our school proactively builds collaborative relationships with families and communities to create a shared understanding of how to support student learning, safety and wellbeing.

Learning Dispositions

At Duri Public School we have implemented learning dispositions, or habits of learning. These are the different characteristics with which children approach the learning process. They may also be enduring habits of mind and action, and the tendency to respond to situations in characteristic ways.

At Duri Public School we feel that positive learning dispositions are essential to our students being confident and capable learners. They have an impact on a child's overall ability to learn and progress.

We have the following school-wide learning dispositions based on respect, responsibility, confidence, resilience, achievement, independence. Students are introduced to one aspect of the disposition weekly. It is role played and discussed. Throughout the week it is referenced and rewarded with a 'Supakid' voucher when noticed.

Disposition	Term 1	Term 2	Term 3	Term 4
Respect	Week 2- I am tolerant of others Week 8- I give everyone a chance to learn	Week 2- I respond to ideas and suggestions form others Week 8- I am polite	Week 8- I am considerate	Week 2- I celebrate my own and others success Week 8- I am thoughtful
Responsibility	Week 3- I am accountable for my choices Week 9- prepared to learn	Week 3- I practice self-control Week 9- I finish what I start	Week 9- I am punctual for school and submit work on time	Week 3- I take charge of my learning Week 9-I use my initiative
Confidence	Week 4- I persevere with tasks when faced with challenges Week 10- I show initiative by asking questions, negotiating and sharing	Week 4-I participate with others to solve problems	Week 4- I make decisions and choices and describe options Week 10- I actively engage in learning experiences, conversations and play experiences	Week 4- I approach new situations with a positive attitude Week 10- I persevere with tasks when faces with challenges
Resilience	Week 5- I learn from my mistakes Week 11- I bounce back from failure, frustration and mistakes	Week 5- I work through hard times Week 11- I emerge stronger from my experiences	Week 5- I see failure as a learning opportunity Week 11- I am willing to try new things	Week 5- I know the power of yet
Achievement	Week 6- I always make an effort	Week 6- I work co-operatively as a team Week 10- I I attempt even if I struggle	Week 6- I celebrate my achievements and those of others Week 3- I value myself and set high expectations	Week 6- I follow and extend my interests with enthusiasm, energy and concentration Week 11-I overcome challenges
Independence	Week 7- I always have a go FIRST before asking for help	Week 7- I use known strategies to solve new problems Week 3- I am organised and use my time well	Week 7- I am a risk taker Week 2- I am willing to try again	Week 7- I ask for feedback to improve my learning

Behaviour code for students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

Duri Public School takes strong action in response to behaviour that is detrimental to self or others or to the achievement of high-quality teaching and learning. See the Behaviour Code for Students for more details.

Whole school approach across the care continuum

Our school embeds student wellbeing and positive behaviour approaches and strategies in practices across the care continuum to promote positive behaviour and respond to behaviours of concern, including bullying and cyberbullying behaviour.

These approaches and strategies are built on a foundation of evidence-based effective classroom practices that set the tone for engagement with learning and respectful relationships. These practices include:

- stating and explicitly teaching classroom expectations
- establishing predictable routines and procedures that are communicated clearly to students
- referring frequently to and explicitly teaching our school wide Learning Dispositions
- encouraging expected behaviour with positive feedback and reinforcement
- discouraging inappropriate behaviour
- providing active supervision of students
- Restorative conversations to repair relationships
- Self -regulation resources- Zen Den (sensory room), compression roller, fidget toys, visuals, timers etc
- Attendance push- regular reminders communicated through newsletter and Facebook. Weekly attendance award for students above 95%.
- maximising opportunities for active engagement with learning
- providing carefully sequenced engaging lessons that provide options for student choice
- differentiating learning content and tasks to meet the needs of all students.
- Providing individual and small group support for students who are finding learning difficult or are disengaged
- Recording all behaviours of concern on Sentral
- Communicating all behaviours of concern with parents/ carers
- Merit Awards Scheme

Care Continuum	Strategy or Program	Details	Audience
Prevention	[National Day of Action Against Bullying and Violence (NDA)](#)	Our school participates in the annual National Day of Action against Bullying and Violence (NDA) - in August each year.	Staff & students
Prevention / Early intervention / Targeted / Individual	Australian eSafety Commissioner [Toolkit for Schools](#) to prevent and respond to cyberbullying	The toolkit supports our school to prepare, engage and educate the school community about creating and maintaining safe online environments to prevent cyberbullying incidents.	All students, individual students K - 6, families, staff
Targeted intervention	Attendance support	The principal will convene a planning meeting with students, families and teachers to address barriers to improved attendance and set growth goals.	Individual students, principal
Targeted / individual intervention	School learning and support	Provides support for students who need personalised learning and support.	Principal, individual students K - 6, families
Small Group Tuition Support	Learning & Support	Works with individuals, small groups and in class support on targeted areas of learning	Targeted students
Individual intervention	[Individual Behaviour Support Planning](#)	Planning is done in collaboration with the student and their family with support from Team Around a School where needed. This can include individual behaviour support and risk management plans.	Individual students, staff
BRAVE Program	Resilience/ Anxiety Support	Delivered to students weekly by AP Learning & Support	Targeted students

Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Identifying behaviour of concern, including bullying and cyberbullying

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low-level inappropriate or developmentally appropriate behaviour. Bullying behaviour involves the intentional misuse of power in a relationship, is ongoing and repeated and involves behaviour that can cause harm.

Duri Public School staff will identify inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying through a range of channels, for example:

- directly observing a child or young person's behaviours, interactions, verbal communications, or work produced (such as written materials, performances or artworks)
- a person disclosing information that is not previously known, either because it is new information or because it has been kept a secret
- concerns raised by a parent, community member or agency.

Students or parents can report bullying to any staff member. NSW public school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds, including cyberbullying. Students who have been bullied will be offered appropriate support, for example through their teacher or school counselling service.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

Preventing and responding to behaviours of concern

Duri Public School uses the following strategies to recognise and reinforce positive student behaviour and behavioural expectations:

The use of verbal and non-verbal specific positive feedback is the most powerful way to:

- help adults and learners to focus on positive social behaviour
- increase the likelihood that students will use the expected behaviours and skills in the future
- decrease unexpected behaviour and reduce the need for corrective responses
- enhance self-esteem and build an internal focus of control.

Specific positive feedback may not be sufficiently reinforcing for some students, so the school-wide continuum provides the opportunity to pair verbal or non-verbal feedback with a positive, tangible consequence.

The school-wide continuum for acknowledging expected behaviour includes:

- free and frequent – for everyday use by all staff in all settings
- moderate and intermittent – awarded occasionally
- significant and infrequent –semester or annual types of recognition.

Prevention Responses to recognise and reinforce positive, inclusive and safe behaviour	Early Intervention Responses to minor inappropriate behaviour.	Targeted/Individualised Responses to behaviours of concern.
1. Behaviour expectations are taught and referred to regularly. Staff model behaviours and provide opportunities for practice. Students are acknowledged for meeting school-wide expectations and rules.	1. Refer to school-wide expectations and/or emotional regulation visuals and/or supports so that the student can self-regulate.	1. Seek help from principal or other staff member if there is a risk to safety. Otherwise notify principal ASAP.
2. Verbal and non-verbal specific positive feedback is paired with a positive, tangible reinforcer in a school-wide continuum for acknowledging expected behaviour.	2. Use indirect responses including proximity, signals, non-verbal cues, ignore, attend, praise, redirect with specific corrective feedback	2. Principal/CT to take immediate steps to restore safety and return the situation to calm by using appropriate strategies such as: redirecting to another area or activity, providing reassurance or offering choices. Incident review and planning is scheduled for a later time determined by the context and nature of the incident.
3. Tangible reinforcers include those that are: • free and frequent • moderate and intermittent • significant and infrequent Intermittent and infrequent reinforcers are recorded on the centralised recording system.	3. Use direct responses e.g. Rule reminder, re-teach, provide choice, scripted interventions, student conference. Students have an opportunity to meet the classroom/playground behaviour expectation before a low-level consequence is applied.	3. Principal collects information and review the incident from multiple perspectives and determine next steps. Principal records the incident on the centralised recording system and contact parent/carer by email or phone. Principal may consider further action eg: formal caution/suspension.
Teacher/parent contact	Teacher/parent contact	Teacher/parent contact
Teacher contact through the parent portal (Sentral) or phone calls home are used to communicate student effort to meet expectations.	Teacher contacts parents by phone or email when a range of corrective responses have not been successful. In some cases, individual planning and referral to LST may be discussed.	Principal contacts parent/carer to discuss any support and behaviour responses, including referral to the LST, outside agencies or Team Around a School.

Responses to serious behaviours of concern

Responses, including students who display serious behaviours of concern, are recorded in the centralised recording system. These may include:

- review and document incident
- determine appropriate response/s, including supports for staff or other students impacted
- refer/monitor the student through the school learning and support team
- develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- reflection and restorative practices (listed below)
- liaise with Team Around a School for additional support or advice
- communication and collaboration with parents/carers (phone, email, parent portal, meeting)
- formal caution to suspend, suspension or expulsion.

The NSW Department of Education Student Behaviour policy and Suspension and Expulsion Procedures apply to all NSW public schools.

Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

- Incident Notification and Response policy and Incident Notification and Response Procedures
- Student Behaviour policy and procedures
- If a behaviour of concern is also a child protection matter use the Mandatory Reporting Guideline Tool.

Students and/or parents/carers can report cyberbullying to the eSafety Commissioner and reporting links for most sites, games and apps can be found at the eSafety Guide.

Reflection practices

Toilet and food breaks are always included when withdrawal from free choice play at either break is planned as a response to behaviour.

Action	When and how long?	Who coordinates?	How are these recorded?
Restorative Practices- repair relationships that have been damaged, including through bullying	As required	Teacher/ principal	Sentral
Reflection conversation (problem-solving) – What happened, what did you do, and what could you do instead next time.	Class time and break times as required	Teacher/ principal	Documented in school record system- Sentral
