We are enjoying our weekly STEM sessions with Mr Bellis. This week we explored coding.

Bushfire Preparation Program

Duri Public School's Bushfire and Grassfire Risk Rating is **Category 2**. This means our school has high landscape-to-site bushfire and grassfire risk. For this reason, early proactive decision making to reduce risk is required. This means that when the NSW RFS has declared a Catastrophic Fire Danger Rating (FDR) for the following day, the department will direct our school to temporarily cease operations on that day.

Our school may also be directed to temporarily cease operations at any time by the department on advice from emergency services or the State Emergency Operations Centre, even if a Catastrophic FDR has not been declared.
